RELEASE
DATE: June 30, 2009

Burn Permits to be Suspended July 1, 2009

Camino - As of 8:00 a.m. Wednesday, July 1, 2009, the Alpine-Amador-El Dorado-Sacramento Unit of the California Department of Forestry and Fire Protection (CAL FIRE) will suspended all burning permits within State Responsibility Areas (SRA) of Amador and the west slope of El Dorado counties. The Unit Chief, Bill Holmes based his decision to suspend dooryard burning, on past fire history combined with dry vegetation, predicted fire weather, and other factors. CAL FIRE appreciates the efforts residents have taken to create defensible space and reminds everyone to, **“Do your part and take Responsibility.”**

This suspension does not apply to the portion of El Dorado County that lies within the Lake Tahoe Basin, for burn information in this area call (530) 543-2600.

Anyone with questions about this suspension may contact their nearest CAL FIRE or US Forest Service facility.
