- ✓ Special Activites

Dear Parents,

The **Cameron Park Crew** – a teen center for 6th-8th grade students – is a great place for young teens to develop, to get structured homework time, and to socialize!

Teen centers have been known to help keep youth safe, foster better grades and conduct in school, increase self-esteem, increase opportunities to make friends, encourage a higher level of socialization and communication with adults, and can help teens develop better decision-making skills. The **Cameron Park Crew** provides the opportunity for youth to grow in all areas of development: social, emotional, physical and cognitive. We believe young teens need quality programs that provide supportive learning activities, positive peer and adult interactions, activities that promote self-esteem, as well as, opportunities for community participation.

Come by and check us out today!
