shall mean any parcel of land surrounding one residential building and appurtenant buildings where composed of one or more lots or a lot and a fraction of another lot or lots, and thereby creating one homesite, which parcel is fenced or otherwise monumented to show the exterior boundaries of said homesite and not include any adjacent or "lettered" parcels.

**GENERAL DESIGN RESTRICTIONS:** The following restrictions shall apply throughout the property:

1. Use of Lots: A lot shall not be used, nor shall any portion thereof be use, for any purpose other than a residence. However, buildings on lots owned by Declarant or its nominees may be used as models and sales offices and construction offices for the purpose of selling or construction of dwellings on the property until all of the dwellings thereon are sold.

No single-family detached residence shall be constructed having a total finished floor space, exclusive of storage, porches and overhangs, less than 1200 square feet for a one-story or split level building, and 1350 square feet for a two-story building.

All building plans for single family detached residences shall be submitted to the Cameron Park Community Services District for architectural review and approval. Until such authorization is obtained, no building shall commence upon any lot within the subject property.

2. Setback Lines: No building shall be erected on any lot in violation of the front setback line or the side setback line

adjacent to the street in the case of a corner lot as shown on the recorded plat map of the subdivision without the approval of the County of El Dorado Planning Department. Side and rear yard setbacks shall be approved by the County of El Dorado.

3. Utility Easements and Rights of Way: A utility right of way for the installation, maintenance and repair of sanitary and storm sewers, storm water ditches, natural gas lines, water pipe lines, electric power and telephone lines, street lighting systems and the necessary appurtenances thereto, as shown on the recorded map.

4. Care of Properties: All vacant lots in this subdivision shall at all times be kept free of rubbish and litter; weeds and grass shall be disked out or kept well mown so as to present a tidy appearance. The yards and grounds in connection with all improved properties shall be at all times kept in a neat and sightly condition and shall be cultivated and planted to any extent sufficient to maintain an appearance not out of keeping with that of typical homes in the subdivision.

5. Garbage and Refuse Disposal: No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other equipment for the storage of such materials shall be kept in a clean and sanitary condition.

6. Unightly Items: All weeds, rubbish, debris, objects or materials of any kind shall be regularly removed from the lots and parcels and shall not be allowed to accumulate thereon. All clotheslines, storage areas, machinery and equipment shall be

prohibited upon any lot unless obscured from view of adjoining streets or lots by a fence or appropriate screen. No lot shall be used as a storage or dumping ground for inoperative vehicles.

7. Offensive Activities: No owners nor occupants shall create a nuisance to the neighborhood. For the purpose of this declaration of tract restrictions, the word "nuisance" shall be defined as the commission of any act which shall be offensive to seventy-five (75) percent of the owners of property within a two hundred fifty (250) foot radius from the perimeter of any lot or parcel from which such nuisance may be created. The existence of such nuisance shall be determined when seventy-five (75) percent of the owners of the property within the herein prescribed radius of the nuisance or the Declarant, as long as he shall own any lots or parcels, shall sign a notice addressed to and delivered to the owners of any lot or parcel on which such a nuisance is created, advising that the nuisance exists and request immediate abatement thereof. Such a notice shall be delivered by registered mail and within thirty (30) days after receipt thereof by the owners of any lot or parcel on which such a nuisance is created if such nuisance is not abated then Declarant or any owner of a lot or parcel in this tract may by appropriate proceeding, institute legal action to enforce abatement.

8. Owner's Maintenance Obligations: Except as may be provided in any supplemental declaration, each Owner shall be responsible for maintenance and repair of any structure which may be constructed or installed upon his lot or parcel, and/or his yard area. Such maintenance and repair shall be comparable to new construction

within the area. Without limiting the generality of the foregoing, and except as may be provided in supplemental declarations referred to above, all repairing, replacing and caring for roofs, fences, exterior building surfaces, exterior glass surfaces, exterior doors, and maintenance of all yard areas shall be the Owner's responsibility.

9. Dwelling Costs, Quality and Size: No dwellings shall be permitted on any lot at a cost of less than \$50,000 exclusive of lot costs, based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of these covenants to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size.

10. New Construction and Materials: No building or structure constructed elsewhere shall be moved or placed on any lot or parcel. Without limiting the generality of the preceding sentence, it shall be construed to describe prefabricated homes, modular homes and mobile homes. All buildings erected on any lot or parcel shall be of new construction. However, this subparagraph shall neither prevent the use of used brick or any other materials that may be attractive and preservative of property values. When the construction of a building is begun on a lot or parcel, work shall be pursued diligently and continuously to completion, subject to weather, strikes, and acts of God, or other matters beyond the control of the owner.

11. Variety of Materials: Variation in structures and buildings shall be achieved by incorporating a variety of materials including, but not limited to, stucco, wood siding and brick. The use of a variety of materials is intended to ensure attractive and interesting buildings and structures and be preservative of property values.

12. Temporary Structures: No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other out-building shall be used on any lot at any time as a residence either temporarily or permanently, provided, however, that a temporary office, trailer office, tool shed, lumber shed, and/or sales office may be maintained upon any lot or lots by any building contractor for the purpose of erecting and selling dwellings on any lot or lots, but such temporary structure shall be removed at completion of construction.

13. Window Covers: Curtains, drapes, shutters or blinds may be installed as window coverings. No window shall be covered with aluminum foil, bed linens, cardboard or similar materials after the residence has been occupied.

14. Clothes Drying: No clothes, sheets, blankets or other articles shall be hung out to dry on any part of said property, except in a yard enclosed by a lattice fence, wall, or other enclosure approved by the Committee. Such enclosure shall be located so as not to be between the front or the side of any house or the projection of the line thereof and the adjacent street. In addition, no clothes, sheets, blankets or any article

shall be hung to dry in a garage or storage area in which the garage door has been left open so as to create an unsightly view from the street.

15. Roofs: All buildings shall have roofs of wood shake, of light-, medium-, or heavy-butt or tile classifications, subject to the authority of the Declarant to approve tile roofs, or other materials approved by Declarant, and subject to the authority of the Declarant to approve different roof materials. If the pitch of a roof is less than 4' in 12', then the roof design and materials shall be subject to approval by the Declarant. Such approval shall in no way imply any roof guarantee by Declarant.

16. Utilities, Antennas, Heating OR Air Conditioning Equipment: All electric, gas, television, radio and telephone line installations to buildings or structures placed upon any lot shall be underground and no electric power or telephone poles shall be installed on any portion of any lot.

No television, radio or other electronic antenna or device of any type shall be erected, constructed, placed or permitted to remain on the ground surface of any of the lots, or upon any of the houses or buildings constructed on such lots unless the same be contained within a house or building. This restriction applies to cable television receivers, dishes, or related equipment.

No heating, cooling, or air conditioning equipment, including fans or similar devices shall be placed or permitted to remain upon the roofs of any house or building constructed on a lot.

No vehicle of any type (including motorcycles) shall be permanently or semi-permanently parked in or upon the public streets within the subdivided property or on any driveway of any lot for the purposes of accomplishing repairs thereto or the reconstruction thereof, except for emergency repairs and then only to the extent necessary to enable movement of the vehicle. No trailers or boats of any type or size shall be kept or stored nearer than 25 feet from any street property line for a period of time exceeding forty-eight (48) hours, unless they are stored in such a manner as not to be visible from the street.

18. Garage Doors: The homeowner shall use diligence in closing any garage doors that may face the street scene. It is generally accepted that garages are unsightly and that a series of garage doors being left in an open position would destroy or tend to destroy the quiet enjoyment of the lots.

19. Garages and Vehicles: All driveways and garages shall be maintained in a neat and orderly condition. No motorcycles, campers, trailers, boats or recreational vehicles of any type shall be kept or parked on the public streets of the property, or outside of a garage on any lot.

The same sight line limitations shall apply on any lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight line.

Landscaping Requirement: Every owner of a lot or parcel within the property shall be responsible for installing, within ninety (90) days of occupancy, and maintaining in good and attractive condition, landscaping on those portions of the lot or parcel which are visible from any street within the properties.

It is the intent of these conditions to encourage attractive landscaping on each lawn, providing for individual landscape architecture and maintenance programs, which are preservative to property values. Compliance with this policy is expected of all

homeowners in the BAR-J RANCH UNIT 8 subdivision and such conditions will be strictly enforced for the common benefit. Accordingly, every Owner is encouraged to report unattractive, unkempt, or partially installed landscaping to the Architectural Control Committee.

22. Trees: No existing trees shall be destroyed, uprooted, cut, or removed without the prior written consent of the Declarant.

23. Compost: No quantities of manure, composting materials, or decaying vegetation matter shall be stored in such quantities as attract household pests or constitute an injury to the person or property of any other person. Such materials shall be stored in a manner so as to prevent the creation of obnoxious odors.

24. Grading and Drainage There shall be no cutting, filling, grading or contouring of any lot in any manner which would cause flooding of, or erosion onto, any adjoining lot or which would interfere with the general, natural drainage pattern through the properties. Homeowners should exercise special care during landscape construction in order to avoid such changes to drainage patterns.

25. Oil and Mining Operations: No oil drilling, oil development operations, oil refining, quarrying or mining operation of any kind shall be permitted upon or in any lot, nor shall oil well tanks, for oil or natural gas shall be erected, maintained or permitted upon the surface of any lot.

No sign will be permitted in said subdivision larger than 60 square inches, setting forth the name of the owner or the occupant of any property. No signs of a commercial nature shall be erected at any time. This shall in no way affect the developers use of signs, necessary in connection with the initial construction of homes for sale on any of the lots contained herein or permanent identification signage placed to enhance neighborhood identity.

ARCHITECTURAL CONTROL: The Architectural Control Committee shall be composed of John D. Reynen, Christo D. Bardis and Thomas P. Winn, all of whom can be reached at 9985 Folsom Blvd., Sacramento, California 95827.

A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither members of the committee, nor its designated representative shall be entitled to any compensation for service performed pursuant to this covenant. deemed to have been obtained as required in these covenants. The Committee shall have the power to establish and grant variances from these covenants where in its judgment extraordinary circumstances so warrant.

Responsibility Neither Grantor, nor the Committee, nor any member(s) thereof, nor any successor(s) or assign(s) thereto or thereof, shall be liable in damages to anyone submitting any plans or request to them for approval, or to any owner of land affected by these covenants by reason of mistake in judgment, negligence or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve any such plans or request. Every person who submits any plans or request to the Committee for approval agrees, by submission thereof, any every owner of any said property agrees by acquiring title hereto, that he will not bring any such action or suit to recover any such damages.
