The Cameron Park Community Services District, along with the El Dorado County Department of Public Health and the California Department of Public Health, is currently monitoring the rapidly evolving COVID-19 outbreak. We are evaluating all planned special events and programs as the health and safety of our residents, participants, users, employees, and volunteers is our top priority.

At this time, we have taken the following actions:

- The Family Sock Hop scheduled for March 21, 2020 has been **cancelled**;
- Modified room set-ups for classes, meetings, and small events to allow space for social distancing where possible;
- Increased cleaning frequency and rigor for all surfaces, door handles, and common areas. As well as set-up additional sanitizing dispensers and posted signage with COVID-19 basics and reminders in all District facilities and workspaces.

We will continue to monitor our programming to make changes as needed. We know that this issue is cause for concern to many and offer our deepest sympathies to those who have already been affected. We encourage all of our residents, participants, and facility users to assess their own risk level. We ask that anyone with the following symptoms; fever, cough, shortness of breath - stay home.

During this time, we will be flexible with our refund policy and will work to reschedule or offer credits for any missed classes or reservations where possible. Please contact the Front Office at 530.677.2231 or cpcsd@cameronpark.org for additional information.

We will continue to rely on the recommendations of our local health official's expertise to make future decisions. Rest assured that we will continue to monitor the situation and keep you informed as things evolve. Please stay up to date on our website www.cameronpark.org You can also look to the El Dorado County Department of Public Health and California Department of Public Health using the links below.
