

The Cameron Park Community Services District, along with the El Dorado County Department of Public Health and the California Department of Public Health, is currently monitoring the rapidly evolving COVID-19 outbreak. The following steps are being taken to ensure that the District meets the current local and state mandates to prevent the spread of the COVID 19 virus

- Beginning Monday, March 16, the Cameron Park CSD Community Center will be closed to the public in order to help "flatten the curve" and slow the spread of COVID-19. The Registration office will be answering phone calls and responding to any emails during regular business hours (9a - 4:30p Monday - Friday.) 530.677.2231 or CPCSD@cameronpark.org
- District Board and Committee meetings will occur but Board/Committee members may coordinate their participation remotely. Although guidelines for social distancing will be met for meetings, the community is encouraged to submit public comment by email at Admin@cameronpark.org
- The Easter Egg Hunt scheduled for April 11th is cancelled.

The District will continue to follow local and state guidelines and expertise to help ensure the health of our community, and will provide updates to you in a timely manner. Stay tuned to the District website and Facebook page for updates.

The District's Board members and staff appreciates everyone's continued support, caution and concern for others during this very troubling time.
