Tailored Tree Service Micah Smith	(916) 934-3105

This list is for informational purposes only, as a courtesy to lot owners. The vendors listed above have indicated a willingness to perform weed abatement work in the Cameron Park area. The Cameron Park Fire Department/Cameron Park Community Services District makes no specific recommendation for any one vendor, nor do we guarantee the work of any vendor.

Owners of Cameron Park lots that are one acre or less in size are only allowed to burn the first two weeks in April and the first two weeks in November (as long as “Fire Season” is officially over). A permit is required and may be obtained at the Cameron Park Fire Department, 3200 Country Club Drive, Cameron Park. It must be a permissive burn day, according to the El Dorado County Air Pollution District whose hotline number is listed below.

**BURN DAY HOTLINE: (530) 621-5897**
