

I moved to Cameron Park over 16 years ago and have observed many changes. As a Board member since 2014, I have found it to be very exciting to have a say and would like to continue to offer a hand in helping to form the many opportunities for positive growth and change over the next few years. I have a small business of a home-based canine board and care service, "The Dogs' House", and have a vested interest in maintaining, growing, and improving the quality of life in Cameron Park.

My current community activities includes acting as an elected Commissioner for El Dorado Local Agency Formation Commission (LAFCO), and serving as President and Board Chairperson for El Dorado Dog Owners Guild (EDDOG). In 2013, I was appointed by Supervisor Shiva Frentzen to serve on the El Dorado County Community Action Council (EDCCAC). From April 2013 to April 2016, I served on the Cameron Park Envision Forum; the Forum was committed to sustainable growth, while providing access to local and regional education, recreation, health care, and economic opportunities. In addition, I participated on the Cameron Park Mature Leadership Council and also El Dorado County's Steering Committee Rebuilding Together/Safe@Home.

I graduated from San Francisco State University, Bachelor of Arts (B.A.) English Literature; and my academic background includes Post Graduate Studies, and Teaching Credential, licensed in California & Colorado. My work experience in California and Colorado includes eight years as National Major Accounts Client Services Representative for WebEx Communications, Inc./Cisco Systems; Regional Account Manager for San Francisco Giants and Oakland Athletics Baseball Clubs; Regional Territory Manager for SF Giants "Build the Ballpark" Campaign; and Regional Account Manager for First Data/Comerica Bank Merchant Banking Services.
